

-Warranty Policy-

- **Overhaul:** Components that are overhauled by Thrust Tech Accessories have a one year warranty period.
 - Starters, Generators & Motors with brushes: All overhauled starters, generators, and motors with brushes have a six month warranty period.
- **Repair:** Components that are repaired by Thrust Tech Accessories have a six month warranty period applicable only to the parts replaced/serviced.
- **Unison PN 10-381550-SERIES Ignition Exciters:** All PN 10-381550-SERIES (-1,-2,-4,-22) Ignition Exciters overhauled by Thrust Tech Accessories have an unconditional two year warranty period.
- ALL warranty periods begin on the date that the FAA authorized release certificate (8130-3) is completed and released to the customer unless specified otherwise in writing by TTA.
- ALL warranty claims must be from the original customer.
- Contact TTA for the complete warranty policy terms and conditions.
